TO : Director, TSS  
FROM : Director, Project AQUATONE  
SUBJECT : Request for TSS/DDP to furnish certain electronic equipment

1. Reference is made to recent discussions with your personnel concerning equipment to be used with System One and System Five.

2. It would be greatly appreciated if you would adapt the flush-mounted antennas to be furnished by this project into the space normally occupied by the System One antennas. In addition, it will be necessary to build RF preamplifiers for these antennas, possibly construct additional power supplies as needed and test the entire system including a basic System One amplifier and recorder. System Five work consists of building a total of eight horns to specifications.

3. [REDACTED] Acting Elint Staff Officer, will furnish the aforementioned specifications and can be contacted on any technical matters.
